Work Boot

**STATE
SCHOOLS'
RELIEF**

State Schools' Relief is now providing work boots

State Schools' Relief can provide leather safety work boots to students enrolled in VET programs.

Without the right footwear, disadvantaged students are unable to participate fully in their VET studies. State Schools' Relief provides these work boots to ensure that students have the necessary resources to remain in school.

This opportunity is available to any student based on the normal assessment of student need conducted in your school. Boots are provided directly from State Schools' Relief at **no cost to students, parents or schools.**

Boots are made to Australian Standard (AS2210.3 class 1), comprising of a composite safety toe and a sole resistant to most oils, acids and chemicals. Available in two styles and colours.

Applications can be made now by your welfare or wellbeing team through our online portal.
